

IOSH Managing Safely

Duration:

Three days

Group Size:

Maximum 8 learners

Who should attend?

All managers and supervisors in any sector. This course won't suddenly make person's safety experts – but they'll get up-to-speed on the practical actions they need to take, and gain the knowledge and tools to tackle the safety and health issues they're responsible for.

Course Content:

- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance

Potentially after completion of the course learners can expect to achieve greater productivity in their workplace, from fewer hours lost due to sickness and accidents. Improved company-wide safety awareness culture and appreciation of safety measures. Active staff involvement to improve the workplace. Enhanced reputation within your supply chain.

Certification:

Learners will complete a written test and a project to demonstrate their underpinning knowledge. Upon successful completion, the learners will be issued with an IOSH Managing Safely certificate
